drone-command-center

.replit.app

What you're publishing

SkyCore GCS

SkyCore GCS

URL

<https://drone-command-center.replit.app/>

Who can access your app

Public

Anyone on the internet with the URL

Database settings

Production database

Manage production database creation and how it's populated when publishing. [Learn more](#)

Monitoring tools

Enable app monitoring

Be the first to know when your app is down. We'll continuously check if your app is online and notify you via email if things go wrong.

Engagement tools

Enable feedback widget

Add a feedback widget to the corner of your published app. Review submissions in your inbox and send to Agent for fixes.

"Made with Replit" badge

Display a "Made with Replit" referral badge on your published app, when someone signs up using your referral link, you earn credits. [Learn more.](#)

A payment method is required. Navigate to Account > Billing to resolve.  
Adjust settings  
Manually configure machine settings, secrets, ports, and more.
